WHAT ACTIONS ARE FORESEEN THROUGH SUB-INITIATIVES

1

Partnerships, “groups of CoVEs sharing common interests” are central to efforts of CoVEs to achieve excellence.

2

Typically, CoVEs build and engage in partnerships to use resources efficiently, attract high quality teachers and trainers and produce tools and innovative curricula in niche economic areas.

WHAT ACTIONS ARE FORESEEN THROUGH SUB-INITIATIVES

Design an action plan, with objectives, activities, responsibilities and time schedule to be carried out by the partnership members throughout 2020.

Investigate opportunities for peer learning activities (PLA) among members.

Investigate the production of some kind of tool i.e. a training module, a planning tool or some instructional materials.

Identify and propose relevant opportunities to make applications for EU and other national and international Programmes and schemes, such as Erasmus+, E-Twinning, TAIEX calls.

Explore opportunities linked to Mobility/Learning agreements offered by the EU (and beyond).
