## Teacher Academy 3

NOV 6-9

Basque Country 2022

### How do we activate participation?

How to plan own interests and the **appropriate transfer to the job market** during your training, in the sense of how to continue after your apprenticeship

### How to keep an earthquake shaking?

The choice of career can be based on the existing **strengths and skills**

### And anyway...

Support of mobility for learners, benefit from an expanded network

Students:

Teachers:

Institutions:

Accompanying the learners on their way **into the job market** with the help of further experience

The learners are better **prepared for the chosen profession**

Expansion of the inter-national network, ex-change opportunities

Exchange offers during the training, which facilitate the transition to the labor market, improve the overall offer in the long term

Exchange offers during the training, which facilitate the transition to the labor market, improve the overall offer in the long term

Sustainable person-independent implementation of internationalization
